V₁ I closed my eyes and said a prayer
And when I looked down you were there
And you were placed into my arms
So amazing

Who am I that God would trust
His little one into my love
And now it all seems up to me
You're small and helpless

C₁ Am Your steps are ordered
D7/F# Your hairs are counted
G I've been entrusted
Em With God's beloved
C9 D - G

V₂ How will I teach you how to walk
When I'm so prone to wander off
How will I teach you how to live
To love and give

How will I teach you how to trust
When I don't keep my promises
How can I teach you all the things
I'm still learning

C₂ Am Your steps are ordered
D7/F# Your hairs are counted
G A life awaits you
Em Like a fountain

Your tiny hand reaches for me

V₃ So I take you by the hand
Close my eyes and pray again
Today I place my dreams for you
In His hands

And one day when you are grown
And walk with Jesus on your own
I know you finally will be
In good hands
